Dear Madam/Sir,

Please check and upload through all media.

Dear All,

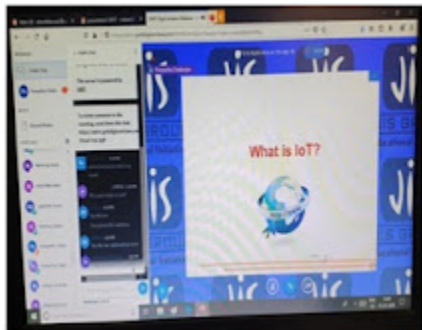

**Department of Computer Science & Engineering** of Guru Nanak Institute of Technology under IE Chapter has organized a **webinar** on '**IoT and its applications**' on 7th July,2020, by Dr.Punyasha Chatterjee, **Assistant Professor, School of Mobile Computing and Communication, Jadavpur University**. The Internet of Things can be used in many different aspects of life, in both the private and public sectors. So, the need of IOT to design the Smart City is well addressed by Dr.Chatterjee. She also discussed many real life challenges that can be solved by IOT and about some on-going projects under Government.

This session was very interesting and interactive.
