AICTE Free Laptop Scheme 2025

By providing students with computers that are already loaded with essential instructional software, this program aims to close the digital divide, promote technical education, and enable students to succeed both academically and professionally. One of the most important programs in India is the One Student One Laptop Yojana which aims to provide free laptops to pupils from low-income families. Under the direction of the AICTE, this program aims to bridge the digital divide by ensuring that all qualified students—especially those pursuing technical education—are given laptops.
